

## I Could Be President

I, Guy Philippe,  
Could be President of Haiti  
Even Noriega told me so.  
Said Colin Powell would back him up too.

Don't believe me?  
Go ask them yourself.  
"Kill who you want", he said  
This when we last met.  
Just keep the numbers down  
This time.  
A thousand is fine  
If you want to be chez Pres

I'm no fool, you know  
Who'd want that job?  
Just to be taken in their next coup.  
Ruler for a day?  
And me with a reputation  
Scary and not so fair.

Ranking officer in the Army  
That'll do  
I'll take general or lieutenant colonel  
Me and Jodel Chamblain,  
Partners again.  
We'll keep this country  
Clean and shiny white.

Don't worry about a thing.  
No, I'm not getting into politics.  
That's for fools...like Aristede.  
All we need is the army.
