

Heading Down the Road to Montgomery Town/ (We still got a long way to go)

(Basic major chord sequences; march rhythm)

There ain't no use to be cryin,
There ain't no use to be cryin.
There ain't no use to be cryin,
Cause we still got a long way to go.

There ain't no use to be crawlin
When we all should be walking
Walkin down the road to freedom
Though we still got a long way to go.

Oh we still got a long way to go

We're headed down the road to Montgomery town,
Listen Mr. Wallace you'll never stop us now
Maybe you had better start a cryin
Cause we're taking you along for the show.

There ain't no use to be crying
There ain't no use to be cryin
It's clear that we still got to do some dyin
And we still got a long way to go.
